PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
to be held on May 2, 2012**

INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

Introduction

This Proxy Statement is being furnished to holders of Green Plains Renewable Energy, Inc. (the “Company”) common stock, \$0.001 par value per share (the “Common Stock”), in connection with the solicitation by and on behalf of the Board of Directors (the “Board”) of the Company of proxies to be used at the 2012 Annual Meeting of Shareholders of the Company (the “Annual Meeting”) to be held at 10:00 a.m., Central Time, on Wednesday, May 2, 2012 at the Hilton Omaha located at 1001 Cass Street, Omaha, Nebraska, and any adjournment or postponement thereof. The purpose of the Annual Meeting is to elect four directors, to approve an amendment to the Company’s articles of incorporation authorizing the addition of 50,000,000 shares of preferred stock and to transact such other business as may properly come before the meeting. This Proxy Statement, the Notice of Annual Meeting of Shareholders, the accompanying Proxy Card and our 2011 Annual Report are first being made available to shareholders entitled to vote at the Annual Meeting on or about March 23, 2012.

Notice Regarding Internet Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission (“SEC”), the Company is making this Proxy Statement and its 2011 Annual Report available to shareholders electronically via the Internet. On or before March 23, 2012, we mailed to our shareholders of record the “Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be held on May 2, 2012” (the “Notice”). All shareholders will be able to access this Proxy Statement and our 2011 Annual Report on the website referred to in the Notice or request to receive printed copies of the proxy materials. Instructions on how to access the proxy materials on the Internet or to request a printed copy may be found in the Notice.

Electronic Access

The Notice will provide you with instructions on how to view our proxy materials for the Annual Meeting on the Internet. The website on which you will be able to view our proxy materials will also allow you to choose to receive future proxy materials electronically by email, which will save us the cost of printing and mailing documents to you. If you choose to receive future proxy statements by email, you will receive an email next year with instructions containing a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Record Date, Outstanding Shares and Quorum

The Company has fixed the close of business on March 13, 2012 as the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof (the “Record Date”). There were 36,786,672 and 29,586,672 shares of Common Stock issued and outstanding, respectively, at the close of business on the Record Date. Holders of record of the Company’s Common Stock on the Record Date are entitled to cast one vote per share, exercisable in person or by properly executed proxy, with respect to each matter to be considered by them at the Annual Meeting.

[Table of Contents](#)

The presence, in person or by properly executed proxy, at the Annual Meeting of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote shall constitute a quorum. Proxies that are marked to “withhold authority” with respect to the election of directors and proxies for which no instructions are given will be counted for purposes of determining the presence of a quorum.

Proxy Voting and Revocability of Proxies

Common Stock, represented by the proxies received pursuant to this solicitation and not timely revoked, will be voted at the Annual Meeting in accordance with the instructions indicated in properly submitted proxies. If no instructions are indicated, such shares will be voted as recommended by the Board. If any other matters are properly presented to the Annual Meeting for action, the person(s) named in the enclosed form(s) of proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Broker non-votes and abstentions are not treated as votes cast for purposes of any of the matters to be voted on at the meeting.

A holder of Common Stock who has given a proxy may revoke it prior to its exercise by providing written notice of revocation or a later-dated proxy to the Secretary of the Company at any time before the closing of the polls at the meeting, or by voting in person at the meeting. Any written notice revoking a proxy should be sent to: Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any shareholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person.

Computershare Trust Company, N.A. is the transfer agent and registrar for our Common Stock. If your shares are registered directly in your name with the Company’s transfer agent, with respect to those shares, you are considered the “shareholder of record” or a “registered shareholder” and these materials were sent to you directly by the Company. If you are a shareholder of record, you may vote in person at the Annual Meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name, and that organization should have forwarded these materials to you. As the beneficial owner, you have the right to direct your broker, bank or nominee holding your shares how to vote and are also invited to attend the Annual Meeting. Please refer to the information forwarded by your broker or bank for instructions on how to direct their vote. However, since you are not a shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the shareholder of record.

If you are a registered shareholder, there are four ways to vote:

- By going to the Internet website indicated on your proxy card or voting instruction card and following the instructions provided (you will need the control number that is included in the Notice of Internet Availability of Proxy Materials);
- By calling the toll-free telephone number indicated on your proxy card or voting instruction card (you will need the control number that is included in the Notice of Internet Availability of Proxy Materials);
- By signing, dating and returning the Proxy Card if you request to receive your proxy materials by mail; or
- By written ballot in person at the Annual Meeting.

Your shares will be voted as you indicate. If you do not indicate your voting preferences, the appointed proxies will vote your shares “For” all nominees in Proposal 1 and “For” Proposal 2.

[Table of Contents](#)

Broker Non-Votes

Broker non-votes occur when nominees, such as brokers and banks holding shares on behalf of the beneficial owners, are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions at least ten days before the Annual Meeting date. If no instructions are given within that time frame, the nominees may vote those shares on matters deemed “routine” by the New York Stock Exchange. On non-routine matters, nominees cannot vote without instructions from the beneficial owner, resulting in so-called “broker non-votes.” Broker non-votes are not counted for the purposes of determining the number of shares present in person or represented by proxy on any voting matter. All proposals are considered non-routine.

Expenses and Methods of Solicitation

The Company will bear the expense of soliciting proxies. In addition to the use of the mail and Internet, proxies may be solicited personally, or by telephone or other means of communications, by directors, officers and employees of the Company and its subsidiaries who will not receive additional compensation therefor. The Company will reimburse banks, brokerage firms and nominees for their reasonable expenses in forwarding proxy solicitation materials to beneficial owners of shares held of record by such banks, brokerage firms and nominees.

Vote Required

The affirmative vote of a plurality of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to elect each director. The four persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors. Since only affirmative votes count for this purpose, broker non-votes or votes withheld will not affect the outcome of the voting on Proposal 1. The affirmative vote of a majority of the votes cast at the annual meeting by the holders of the Common Stock, assuming a quorum is present is required to approve Proposal 2. Since only votes cast count for this purpose, broker non-votes and abstentions will not affect the outcome of the voting on Proposal 2.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board of Directors

Prior to and immediately following the October 15, 2008 merger with VBV LLC and its subsidiaries (the “VBV merger transaction”), the Company was governed by a nine-member Board of Directors. Pursuant to a shareholders’ agreement entered into in connection with the VBV merger transaction (the “Shareholders’ Agreement”), two wholly-owned subsidiaries of NTR plc had the right, as long as they collectively owned at least 33.5% of the Company’s outstanding Common Stock, to designate four individuals (the “NTR nominees”) to be nominated for election as directors. Similarly, as long as Wilon Holdings, S.A. (“Wilon”) owns at least 2.5% of the Company’s outstanding Common Stock, it will have the right to designate one individual to be nominated for election as a director. Directors Gordon Glade, Gary Parker, Brian Peterson and Wayne Hoovestol continued to serve on the Board after the merger. On March 9, 2012, the NTR subsidiaries’ ownership dropped to approximately 2% of the Company’s outstanding Common Stock. At that time, Michael McNicholas, Deputy Chief Executive Officer of NTR, resigned from the Board. Except for the Wilon nominee, currently Alain Treuer, the directors will be nominated for election by the Board of Directors or the shareholders in accordance with the Company’s bylaws and Nominating Committee procedures, as outlined below. The Company has agreed to cause the Wilon nominee to be nominated for election as a director of the Company and has agreed to solicit proxies for the election of such nominee and recommend that shareholders vote in favor of such nominee.

The Board consisted of ten members until the recent resignation of Michael McNicholas, divided into three groups. One group of directors is elected at each annual meeting of shareholders for a three-year term. Each year

[Table of Contents](#)

a different group of directors is elected on a rotating basis. Jim Barry, Todd Becker, Brian Peterson and Alain Treuer (the Wilon nominee) are up for re-election at the 2012 Annual Meeting (to serve until the 2015 annual meeting or until their respective successors shall be elected and qualified). The terms of James Crowley, Gordon Glade and Gary Parker expire at the 2013 annual meeting. The terms of Jim Anderson and Wayne Hoovestol expire at the 2014 annual meeting. The Board is currently searching for a qualified director to fulfill the term of Mr. McNicholas, which expires at the 2014 annual meeting.

Director Independence

A director is independent if, in the opinion of the Board, he or she has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and otherwise satisfies the independence requirements of applicable Nasdaq Stock Market ("NASDAQ") and Securities and Exchange Commission rules. The Board has reviewed the independence of its current directors and nominees and found that, except for Mr. Becker and Mr. Hoovestol due to their current or prior positions with the Company, each of them is independent.

Board Meetings, Directors' Attendance and Shareholder Communications

The Board held seven meetings during 2011. Meetings were conducted via teleconference or in person. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate of Board meetings and committee meetings held on which an incumbent director served during this period. The Company's policy is to encourage, but not require, Board members to attend annual shareholder meetings. All Board members attended the 2011 annual meeting.

Shareholders who would like to send written communications to the Board may do so by submitting such communications to: Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. The Board suggests, but does not require, that such submissions include the name and contact information of the shareholder making the submission and a description of the matter that is the subject of the communication. Ms. Mapes will then furnish such information to the Board or appropriate committee of the Board for review.

Board Committees

The Board has standing Audit, Compensation and Nominating Committees.

Audit Committee

The Company has a separately designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"). The Audit Committee is comprised of four directors, all of whom meet the independence standards of NASDAQ and the SEC. Audit Committee members are Jim Anderson, James Crowley, Gordon Glade and Brian Peterson, with Mr. Crowley serving as Chairman. Mr. Crowley has been determined to be an audit committee financial expert as defined in Rule 407(d)(5) of Regulation S-K. During 2011, the Audit Committee held five meetings via teleconference or in person. The Audit Committee Charter, which is reviewed, revised and updated on an annual basis, is posted on the Company's website at www.gpreinc.com.

The function of the Audit Committee, as detailed in the Audit Committee Charter, is to provide assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices, and the quality and integrity of the financial reports of the Company. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the directors, the independent auditors and Company management.

[Table of Contents](#)

Compensation Committee

The Compensation Committee is comprised of four directors, all of whom meet the independence standards of NASDAQ and the SEC. Compensation Committee members are Jim Anderson, Jim Barry, Gary Parker and Alain Treuer, with Mr. Treuer serving as Chairman. During 2011, the Compensation Committee met two times via teleconference or in person. The Compensation Committee Charter is posted on the Company's website at www.gpreinc.com.

The Compensation Committee establishes the Company's general compensation policy and, except as prohibited by law, may take any and all actions that the Board could take relating to compensation of directors, executive officers, employees and other parties. The Compensation Committee's role is to (i) evaluate the performance of the Company's executive officers, (ii) set compensation for directors and executive officers, (iii) make recommendations to the Board on adoption of compensation plans, and (iv) administer Company compensation plans. When evaluating potential compensation adjustments, the Compensation Committee solicits and considers input provided by the Chief Executive Officer relating to the individual performance and contribution to the Company's overall performance by executive officers and other key employees.

Pursuant to its charter, the Compensation Committee is empowered to hire outside advisors as it deems appropriate to assist it in the performance of its duties. The Compensation Committee has sole authority to retain or terminate any compensation consultants or advisors and to approve their fees. For additional information on the Compensation Committee's role, its use of outside advisors and their roles, as well as the Committee's processes and procedures for the consideration and determination of executive compensation, see "Executive Compensation—Compensation Discussion and Analysis."

Nominating Committee

The Nominating Committee is comprised of three directors, all of whom meet the independence standards of NASDAQ and the SEC. Nominating Committee members are Jim Barry, Gordon Glade and Gary Parker, with Mr. Barry serving as Chairman. During 2011, the Nominating Committee met one time. The Nominating Committee Charter is posted on the Company's website at www.gpreinc.com.

The function of the Nominating Committee, as detailed in the Nominating Committee Charter, is to recommend to the Board the slate of director nominees for election to the Board and to identify and recommend candidates to fill vacancies occurring between annual shareholder meetings. The Nominating Committee has established certain broad qualifications in order to consider a proposed candidate for election to the Board. The Nominating Committee has a strong preference for candidates with prior board experience with public companies. The Nominating Committee will also consider such other factors as it deems appropriate to assist in developing a Board and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors include judgment, skill, diversity (including factors such as race, gender or experience), integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Board Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Nominating Committee considers criteria that include the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and ability to act in the interests of all shareholders. Moreover, the Nominating Committee considers the value of diversity of experience on the Board, taking into account the current Board membership, in the director identification and nomination process. The Nominating Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Nominating

[Table of Contents](#)

Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Director Qualifications

Presented below are biographies of each director nominee and continuing director containing information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Nominating Committee and the Board to determine that the person should serve as a director for the Company.

It is the policy of the Nominating Committee to consider candidates recommended by security holders, directors, executive officers and other sources, including, but not limited to, third-party search firms. Security holders of the Company may submit recommendations for candidates for the Board. All recommendations shall be submitted in writing to: Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. Such submissions should include the name, contact information, a brief description of the candidate's business experience and such other information as the person submitting the recommendation believes is relevant to the evaluation of the candidate. The Nominating Committee will review all such recommendations. For candidates to be considered for election at the next annual shareholder meeting, the recommendation must be made in accordance with and within the time frame set forth in the Company's bylaws and described below under "Shareholder Proposals."

The Nominating Committee will evaluate whether an incumbent director should be nominated for re-election to the Board or any committee of the Board upon expiration of such director's term using the same factors as described above for other Board candidates. The Nominating Committee will also take into account the incumbent director's performance as a Board member. Failure of any incumbent director to attend at least seventy-five percent (75%) of the Board meetings held in any year of service as a Board member will be viewed negatively by the Nominating Committee in evaluating the performance of such director. The Nominating Committee recommended that all four of the incumbent directors whose terms of office expire at the 2012 Annual Meeting be included on the ballot for re-election as directors for a three-year term expiring at the 2015 annual meeting. This recommendation was based on a review and evaluation of meeting attendance, knowledge of the industries in which the Company operates and overall contributions to the Board. See the discussion above under Board of Directors regarding the designation of a nominee by Wilon.

Code of Ethics

The Board has adopted a Code of Ethics that applies to its Chief Executive Officer and all senior financial officers, including the Chief Financial Officer, principal accounting officer, other senior financial officers and persons performing similar functions. The full text of the Code of Ethics is published on the Company's website in the "Investors – Corporate Governance" section. We intend to disclose future amendments to, or waivers from, certain provisions of the Code of Ethics on the Company's website within five business days following the adoption of such amendment or waiver.

Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand the Company's risk identification, risk management and risk

[Table of Contents](#)

mitigation strategies. Additionally, the Board has approved and periodically reviews the Company's risk management policy, which specifically sets parameters of risk with respect to commodity and hedging positions. When a committee receives a report, the Chairman of the relevant committee reports the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. The risk oversight structure has no effect on the Board's leadership structure.

Board Leadership Structure

The Board does not have a policy on whether the same person should serve as both the chief executive officer and chairman of the board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best provides appropriate leadership for the Company at that time. Over the last several years, the Company has had each of the following leadership structures, reflecting its circumstances at the time: separate non-employee Chairman and Chief Executive Officer (January 2009 to February 2009 and November 2009 to present); separate Chairman and Chief Executive Officer, with the Chairman being a member of the Company's management (March 2009 to November 2009); combined Chairman and Chief Executive Officer (October 2008 to December 2008); and separate non-employee Chairman and Chief Executive Officer (prior to October 2008). The Board believes that its current leadership structure, with Mr. Hoovestol, a non-employee serving as the Board Chairman, and Mr. Becker serving as the Chief Executive Officer, is appropriate given the experience of each individual. Both individuals are currently deemed not to be independent. The non-executive members of the Board meet regularly in executive session. The Board, with guidance from the Nominating Committee, will periodically continue to review its leadership structure.

PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

The Board is divided into three classes, with the members of each class serving three-year terms of office. This results in one class standing for election at each annual meeting of shareholders. The Nominating Committee recommended and the Board nominated for re-election Jim Barry, Todd Becker, Brian Peterson and Alain Treuer (the Wilson nominee), each to serve a term that expires at the 2015 annual meeting. There is currently a vacancy on the Board caused by the resignation of Michael McNicholas. The Board intends to fill this vacancy as soon as it identifies a qualified candidate willing to serve in this capacity.

Your Proxy Card will be used to vote for the election of the nominees unless you withhold the authority to do so when you submit your proxy. If no instructions are given, your shares will be voted for the four nominees. As explained above, the Company's directors are elected by the affirmative vote of the plurality of the shares present and entitled to vote. The four persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ALL NOMINEES
NAMED AS PART OF PROPOSAL 1.**

The following paragraphs set forth information about the nominees and the Company's continuing directors. All director biography information is as of March 23, 2012.

DIRECTOR COMPENSATION

The Company, upon the recommendation of the Compensation Committee, compensates its directors through a retainer structure for preparation and attendance at Board meetings and committee meetings, and for serving as a committee chairman. During 2011, each non-employee director was paid \$65,000 per year for serving on the Board, including serving on Board committees. In addition, the Audit Committee chairman received \$20,000 annually, the Compensation Committee chairman received \$10,000 annually and the Nominating Committee chairman received \$2,000 annually. Additionally, annual individual deferred stock unit (“DSU”) grants will be awarded equal to \$65,000 in value, as measured on the date of grant. Board members are also reimbursed for travel and other business-related expenses.

As an employee, Mr. Becker did not receive compensation as a director. See the Summary Compensation Table for information on his compensation. Mr. Hoovestol was an employee until November 2009 and did not receive director compensation prior to that date.

On May 6, 2011, the Company’s non-employee directors, except any director who also serves as an employee of NTR (NTR employee directors are not eligible for the grant), each received a grant of 5,882 DSUs pursuant to the 2009 Equity Incentive Plan. The award vests after one year. However, until shares are issued pursuant to the DSU agreement, which does not occur until the third anniversary of the grant date, the directors have no voting, dividend or other rights or privileges with respect to the shares. Annual individual DSU grants will be awarded equal to \$65,000 in value, as measured on the date of grant.

The Compensation Committee retained the Hay Group as a consultant during 2011 to evaluate the Company’s non-employee director compensation program and provide recommendations for changes to ensure the Company’s program is market-competitive and consistent with recognized corporate governance “best practices.” Based on their recommendations, the Compensation Committee did not make any modifications to the compensation structure for non-employee directors adopted effective January 1, 2011.

The following table sets forth 2011 compensation for non-employee directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis provides an overview of the Company's executive compensation program, including:

- the general compensation philosophy for executive compensation;
- the material elements of executive compensation and the process the Company follows for making executive compensation decisions; and
- information about 2011 compensation earned by the following executive officers (the "Named Executive Officers"):
 - Todd A. Becker – President and Chief Executive Officer
 - Jeffrey S. Briggs – Chief Operating Officer
 - Jerry L. Peters – Chief Financial Officer
 - Steve Bleyl – Executive Vice President – Ethanol Marketing
 - Michael C. Orgas – Executive Vice President – Commercial Operations

Executive Compensation Philosophy

The Compensation Committee has structured the Company's executive compensation policy based upon the following goals:

- To attract, motivate and retain talented executive officers and other key employees.
- To use incentive compensation to reinforce strategic performance objectives.
- To align the interests of executive officers and key employees with the interests of the Company's shareholders, such that risks and rewards of strategic decisions are shared.

As described below, compensation for executive officers consists of three components: base compensation, annual performance/incentive awards and long-term incentive compensation. Equity awards are made pursuant to the Company's 2009 Equity Incentive Plan, which was approved by the Company's shareholders in May 2009 (the "2009 Equity Incentive Plan").

Compensation Committee Process and Compensation Consultant

The Compensation Committee is responsible for designing, reviewing and overseeing the administration of the Company's executive compensation program, and reviewing and approving annually all compensation decisions relating to the Company's executive officers, including the Named Executive Officers. Generally, all decisions with respect to determining the amount or form of compensation for the Company's executive officers are made by the Committee in accordance with the methodology described below.

When evaluating potential salary adjustments for executive officers, the Compensation Committee solicits and considers input provided by the Chief Executive Officer relating to the executive's performance and contribution to the Company's overall performance. The Chief Executive Officer plays no role in setting his own compensation.

The Compensation Committee has the sole authority from the Board for the appointment, compensation and oversight of the Company's outside compensation consultant. The Compensation Committee considered the results of the most recent say-on-pay vote when determining compensation policies and decisions. At the 2011

[Table of Contents](#)

Annual Meeting of the Shareholders, the proposal to cast an advisory vote on the Company's executive compensation was approved and the frequency of holding an advisory vote on executive compensation was determined to be every three years. The Compensation Committee retained the Hay Group as a consultant during 2011 to assist with its responsibilities related to the Company's executive and Board compensation programs. Hay Group fees for executive compensation consulting to the Compensation Committee during 2011 were \$78,000. The executive compensation services provided included assisting in defining the Company's executive compensation structure, providing market information, recommending modifications of incentive compensation plans, advising on the competitiveness of Board compensation, and providing regulatory and governance guidance. During 2011, the Hay Group provided no other services to the Company.

Base Compensation

The Compensation Committee decides on the overall compensation package, of which the base salary is a component, for the Company's executive officers. Market compensation data described below guides the Compensation Committee in the determination of total pay, which includes base pay, bonuses, equity compensation and benefits. The Compensation Committee reviews both national and industry specific compensation data. Each executive is evaluated against these data and adjustments are made based on individual factors such as experience level and job performance. The objective is to fashion a compensation package that will attract and retain talented employees. Individual salaries vary based upon the individual's level of responsibility, work experience, performance, impact on the business, tenure and potential for advancement within the Company. Individual salaries for newly-hired executive officers and other key employees are determined at the time of hire taking into account the above-factors, other than tenure. To attract quality talent with the expertise to perform required duties, base salaries are established to be consistent with salaries paid to personnel in similar positions in the market. These base salaries may be adjusted to consider the overall compensation package, which may include cash incentives, stock-based incentive awards and other forms of compensation. To retain quality talent, the Compensation Committee may recommend base salary adjustments that are commensurate with increasing job responsibilities and to reflect competitive market data for executive officers of industry-sector firms of similar size and performance. The Hay Group methodology evaluates positions and determines the number of points the position has and then compares such position to positions with similar points. The Compensation Committee reviewed and considered this data in the determination of the overall compensation package for the Company's executive officers.

For 2011, the base salaries for the Named Executive Officers were as follows: Todd Becker – \$525,000; Jeff Briggs – \$300,000; Jerry Peters – \$300,000; Steve Bleyl – \$250,000; and Mike Orgas – \$250,000.

Annual Performance/Incentive Awards

Annual bonuses are one form of incentive compensation used by the Company to reinforce performance-based objectives and retain key personnel. For 2011, the Compensation Committee established specific performance goals pursuant to the Company's Short-Term Incentive Plan, which was approved by the Board in March 2011, and set target levels of cash bonuses based on a percentage of base salary. The Short-Term Incentive Plan provides that certain specified employees of the Company may be awarded cash bonuses by the Compensation Committee upon meeting certain specified performance goals or other performance criteria as determined by the Compensation Committee. The performance goals are set from time-to-time by the Compensation Committee and may differ from employee to employee and from award to award. Each current employee who is an executive officer of the Company is a participant in the Short-Term Incentive Plan, as well as certain other employees of the Company.

In connection with the approval of the Short-Term Incentive Plan, the Compensation Committee also established the target cash bonus amounts for 2011 for each participating officer, ranging from 40% to 100% of such officer's base salary, and the Company performance criteria evaluated in determining the actual cash bonus amount. Based on the Plan, participants were eligible for awards ranging from 0% to 200% of their base salary

[Table of Contents](#)

depending on the level of achievement of the Company financial performance criteria. The Compensation Committee then evaluated individual performance criteria in relation to established goals for each executive officer, aligned with the business plan of the Company, and adjusted the award up or down in its discretion. The Committee may also adjust the award for external conditions beyond the control of the Company or the officer. The Company financial performance component is based on achieving stated goals for 2011. Following are goals and weighting percentages established by the Compensation Committee that were utilized to help measure officer performance and accordingly impacted 2011 incentive awards: (1) a target earnings before interest, taxes, depreciation and amortization (“EBITDA”) of \$149 million (40%), (2) a target return on net assets of 8% (20%), (3) a safety metric focusing on improvements on employee and process safety as defined and measured by a third party (10%), (4) a subjective performance management metric (5%), and Compensation Committee discretion (25%).

The Named Executive Officers were entitled to potential cash awards under the Short-Term Incentive Plan for 2011, as set forth in the following table, subject to the discretion of the Compensation Committee.

Named Executive Officer & Title	Target Cash Bonus as a Percent of Base Salary (1)	Potential Award Range as a Percent of Base Salary (1)
Todd A. Becker, President & Chief Executive Officer	100%	0 - 200%
Jeffrey S. Briggs, Chief Operating Officer	60%	0 - 150%
Jerry L. Peters, Chief Financial Officer	50%	0 - 100%
Steve Bleyl, EVP – Ethanol Marketing	80%	0 - 150%
Michael C. Orgas, EVP – Commercial Operations	80%	0 - 150%

(1) Final awards are subject to Compensation Committee discretion and awards may exceed such amounts.

Actual EBITDA for 2011 was approximately \$148.6 million. For a reconciliation of EBITDA to Net Income, see “Item 6. Selected Financial Information” in our Annual Report on Form 10-K for the year ended December 31, 2011. Actual return on net assets for 2011 was approximately 7.61%. The overall 2011 safety metric showed that the Company made improvements in the qualitative measures reviewed, and the subjective performance management metric was also achieved. Cash bonuses paid for 2011 performance ranged from 65% to 281% of base salaries for the Named Executive Officers. The Compensation Committee did not use its discretion to determine 2011 bonuses, other than for Mr. Becker, whose total compensation was considered low and not competitive compared to compensation data for others in a similar position, as presented by the Hay Group. See the Summary Compensation Table below for the cash bonus amounts awarded for 2011. Additional information is also set forth in the Grants of Plan-Based Awards table. The Board approved modifications to the Short-Term Incentive Plan for 2012, and the Compensation Committee established specific performance goals and set target levels of cash bonuses based on a percentage of base salary.

Long-Term Incentive Compensation

The Named Executive Officers are eligible to receive long-term equity-based incentive compensation awards under the Company’s 2009 Equity Incentive Plan.

The Company’s ability to operate its business and implement its strategies effectively depends, in part, on the efforts of its executive officers and other key personnel. The Company’s executive officers have developed expertise in ethanol and related industries, and they have hired qualified managers and key personnel to operate the Company’s plants, agribusiness operations, and marketing and distribution business. The grants of restricted stock, options or deferred stock units to executive officers encourage equity ownership and closely align management’s interests with the interests of shareholders, such that risks and rewards of strategic decisions are shared. Additionally, because awards will be subject to forfeiture in certain cases if the employee leaves the Company, such awards are anticipated to provide a long-term incentive to remain with the Company.

[Table of Contents](#)

Based on Compensation Committee assessments and recommendations, the Company's long-term compensation program includes the following components to assist in aligning management's interests with the interests of shareholders:

- Emphasizes "at risk" pay such as options and other long-term incentives.
- Emphasizes long-term compensation such as options and restricted stock.
- Rewards financial results and promotion of Company objectives as well as individual performance against individual objectives.

As part of its process, in an effort to align the interests of management and shareholders with the goal of sharing the risks and rewards of strategic decisions that are made, the Compensation Committee will review the advisability of granting shares or options to members of management. The aggregate number of shares or options granted to management will be based on the executive's position and the value of each individual's contributions to the Company, as well as competitive norms. During 2011, individuals' contributions were assessed by the Compensation Committee on a subjective basis.

Based on the Company's 2011 financial performance and individual performance evaluations, restricted stock awards were issued in February 2012 for 2011 performance. Awards made in 2012 for 2011 performance to the Named Executive Officers consisted of grants of 178,731 shares to Mr. Becker, 35,746 shares to Mr. Briggs, 22,341 shares to Mr. Peters, 29,043 shares to Mr. Bleyl, and 18,409 shares to Mr. Orgas. To align the interests of the executives with the interests of the Company's shareholders, such that risks and rewards of strategic decisions are shared, and to encourage retention of the Company's executive officers, the restricted stock awards vest 25% on the grant date and 25% each year for the next three years. Because they were granted in 2012, the stock awards for 2011 performance do not appear in the Summary Compensation Table for 2011.

The amounts shown in the Summary Compensation Table under 2011 stock awards were for grants made in 2011 for 2010 performance and amounts shown under 2010 stock awards were for grants made in 2010 for 2009 performance. Awards to the Named Executive Officers in 2011 for 2010 performance consisted of grants of 150,000 shares to Mr. Becker, 50,000 shares to Mr. Briggs, 25,000 shares to Mr. Peters, 25,000 shares to Mr. Bleyl, and 15,000 shares to Mr. Orgas.

For 2012, the Compensation Committee has established that it desires to make awards that provide total compensation (subject to the attainment of specific performance goals) for the executive officers to achieve total compensation in a range of the 50th to 75th percentile of total compensation, as measured by the annual compensation study which is expected to be conducted by an independent compensation consultant and evaluated annually by the Compensation Committee. The study is expected to utilize the Hay "points factor" approach to job grading. To become eligible for an award:

- the Company is expected to have achieved for the year:
 - satisfactory progress toward its measurable multi-year strategic plan objectives;
 - attainment of established banded EBITDA (defined as earnings before interest, income taxes, noncontrolling interests, depreciation and amortization) measurements that, for initial eligibility, result in positive profit before tax;
 - for target awards, attainment within the range of 85% to 110% of budgeted EBITDA;
 - attainment of target ranges for return on net assets, a safety metric, performance management execution and Compensation Committee discretion; and
- the executive officer is expected to have met his or her individual measurable performance objectives.

[Table of Contents](#)

The Compensation Committee retains discretion to make exceptions to these parameters in the event of circumstances beyond the Company's control. Awards may be in a combination of options and restricted stock. Awards are expected to be awarded consistent with the target allocation based on achievement of performance goals. Awards will vest 25% upon grant, with the remaining vesting equally over the following 3 years.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (the "Code") precludes a public corporation from taking a deduction for compensation in excess of \$1,000,000 with respect to each of the Named Executive Officers unless certain specific performance criteria are satisfied. The 2009 Equity Incentive Plan was designed to help ensure that incentive compensation awarded thereunder is considered qualified performance-based compensation within the meaning of Section 162(m). While the Company's long-term executive compensation program seeks to maximize the tax deductibility of executive compensation, the Compensation Committee retains the flexibility to compensate executives in a manner intended to promote varying corporate goals, even if certain amounts may not be deductible under Section 162(m).

Employment and Severance Agreements

The Company has entered into employment agreements with each of the Named Executive Officers. These agreements are described below. The Compensation Committee may adjust base salary, bonus percentage or long-term incentives to levels that exceed the initial terms of the executive officers' employment agreements based on its periodic review of compensation data.

Potential Payments upon Termination or Change in Control

Employment Agreement for Mr. Becker

The Company entered into an employment agreement with Mr. Becker. See "Employment Arrangements" above for additional information. Upon termination without Cause or for Good Reason, Mr. Becker is entitled to (a) one year of base salary plus the greater of his maximum annual cash bonus for that year or the average bonus

[Table of Contents](#)

paid for the prior two years, (b) up to one year of continued health and dental coverage (which ceases upon acceptance of a comparable position within such period), (c) certain relocation assistance if he relocates beyond 50 miles within six months of termination, (d) all shares acquired upon exercise of options granted therein are released from certain lock-up restrictions and (e) all outstanding options and other equity awards will fully vest.

The employment agreement also contains a “gross-up” provision pursuant to Section 280G of the Code. In the event any severance benefits provided to Mr. Becker subject him to the excise tax imposed under the Code, the Company shall pay Mr. Becker the amount necessary to make up for the excise tax paid.

For such purposes, “Cause” means one of the following: (a) a material breach by executive of the terms of this Agreement, not cured within thirty (30) days from receipt of notice from the Board of such breach, (b) conviction of, or plea of guilty or no contest to, a felony; (c) willful misconduct or gross negligence in connection with the performance of executive’s duties; or (d) willfully engaging in conduct that constitutes fraud, gross negligence or gross misconduct that results in material harm to the Company. For purposes of this definition, no act, or failure to act, on executive’s part shall be considered “willful” unless done, or omitted to be done, by executive in knowing bad faith and without reasonable belief that his action or omission was in, or not opposed to, the best interests of the Company. Notwithstanding the foregoing, executive shall not be deemed to have been terminated for Cause unless and until there shall have been delivered to executive a copy of a resolution duly adopted by the affirmative vote of not less than three-quarters of the entire membership of the Board at a meeting of the Board called and held for the purpose (after reasonable notice to executive and an opportunity for executive, together with his counsel, to be heard before the Board), finding that in the good faith opinion of the Board executive was guilty of the conduct set forth above in (a), (b), (c) or (d) of this definition and specifying the particulars thereof in detail.

For such purposes, “Good Reason” means any of the following if the same occurs without executive’s express written consent: (a) a material diminution in executive’s base salary as described in the employment agreement; (b) a material diminution in executive’s authority, duties, or responsibilities; (c) a material diminution in the authority, duties, or responsibilities of the person to whom executive is required to report; (d) a material change in the geographic location at which executive must perform the services (for this purpose, any relocation of more than 50 miles shall be deemed a material change); (e) any material reduction or other adverse change in executive’s benefits under any applicable and properly approved compensation plan or arrangement without the substitution of comparable benefits; or (f) any other action or inaction that constitutes a material breach by the Company under the employment agreement. To terminate for Good Reason, executive must incur a termination of employment on or before the second (2nd) anniversary of the initial existence of the condition.

Employment Agreements for Messrs. Briggs, Orgas and Bleyl

The Company has entered into employment agreements with Messrs. Briggs, Orgas and Bleyl. See “Employment Arrangements” above for additional information. Upon termination without Cause or for Good Reason, each will receive an amount equal to six months base salary and all outstanding equity awards shall fully vest. The definitions for “Cause” and “Good Reason” are the same as described above for Mr. Becker, except that the definition of Good Reason for Mr. Briggs or Mr. Bleyl does not specify the distance for an applicable relocation.

Employment Agreement for Mr. Peters

On October 24, 2008, the Company entered into an amended and restated employment agreement with Mr. Peters. See “Employment Arrangements” above for additional information. If Mr. Peters is terminated without Cause or for Good Reason, Mr. Peters will receive six month’s base salary plus the greater of (i) one-half of the maximum bonus for that year or (ii) one-half of the average bonus paid in the prior two years and all outstanding equity awards shall fully vest. The definitions for “Cause” and “Good Reason” are the same as described above for Mr. Becker, except that Good Reason does not include subsection (f) in the definition above and Cause does not include the requirement of an affirmative vote of the Board.

[Table of Contents](#)

The employment agreement also contains a “gross-up” provision pursuant to Section 280G of the Code. In the event any severance benefits provided to Mr. Peters subject him to the excise tax imposed under the Code, the Company shall pay Mr. Peters the amount necessary to make up for the excise tax paid.

Equity Acceleration

2007 Equity Incentive Plan. Awards outstanding under the 2007 Equity Incentive Plan will fully vest upon a Change in Control unless (a) assumed by the successor corporation; (b) replaced with a cash retention program providing the same value or (c) otherwise limited by the Plan Administrator. A Change in Control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act, or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a “beneficial owner” (as defined in Rule 13-3 under the 1934 Act), directly or indirectly of securities of the Company representing 51% or more of the combined voting power of the Company;
- (b) there is a merger, consolidation, or other business combination transaction of the Corporation with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock of the Company outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction; or
- (c) all or substantially all of the Company’s assets are sold.

2009 Equity Incentive Plan. Awards outstanding under the 2009 Equity Incentive Plan will fully vest upon a Change in Control (a) if not fully converted and assumed, (b) if the awards are converted and assumed, after a Qualifying Termination, or (c) by the Participant for “Good Reason,” if “Good Reason” is defined in the applicable Award Agreement or employment agreement. Qualifying Termination is defined as a termination of employment within twenty-four months following a Change in Control or by the Company other than for Cause, gross negligence, or deliberate misconduct which demonstrably harms the Company. A Change in Control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 149d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a “beneficial owner” (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities of the Company representing 51% or more of the combined voting power of the Company;
- (b) there is a merger, consolidation, or other business combination transaction of the Company with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock of the Company outstanding immediately prior to such transaction continue to hold (either by shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction;
- (c) during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new director(s) (other than a director designated by a person who shall have entered into an agreement with Company to effect a transaction described in (a) or (b) above) whose election by the Board or nomination for election by Company’s shareholders was approved by a vote of at least two thirds of the directors then still in office who either were directors at the beginning of the two year period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof; or
- (d) all or substantially all of the Company’s assets are sold.

[Table of Contents](#)

The option award agreement also provides that if an executive is terminated without Cause, the option will be deemed to have vested through the next annual anniversary of the grant date.

The following tables provide information on potential benefits that could be received by the Named Executive Officers upon a termination or Change in Control. The tables assume termination as of the close of business on December 31, 2011. The closing price for the Company's Common Stock on the last trading day of 2011 was \$9.76. Post-termination health care represents the approximate value of such benefits.

Upon a Change in Control of the Company the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. As discussed above, the Company has agreed to reimburse Mr. Becker and Mr. Peters for all excise taxes that are imposed on the executive under Section 280G and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G excise taxes. Currently, amounts shown as compensation related to Change in Control do not trigger excise taxes as defined in Section 280G and therefore are not included in the tables below.

Compensation Committee Interlocks and Insider Participation

No members of the Compensation Committee have ever served as officers or employees of the Company, and no officers or other employees have ever served on the Company's Compensation Committee. During 2011, no executive officers of the Company served: (i) on a compensation committee of another entity which had an executive officer serving on the Compensation Committee; (ii) as a director of another entity which had an executive officer serving on the Compensation Committee; or (iii) as a member of a compensation committee of another entity which had an executive officer who served as a director of the Company.

Compensation Risk Assessment

With the help of its compensation consultant, in 2011 the Compensation Committee reviewed the Company's executive compensation policies and practices, and determined that the Company's executive compensation programs are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee also reviewed the Company's compensation programs for certain design features which have been identified by experts as having the potential to encourage excessive risk-taking, including: (i) too much focus on equity; (ii) compensation mix overly weighted toward annual incentives; (iii) uncapped payouts; (iv) unreasonable goals or thresholds; or (v) steep payout cliffs at certain performance levels that may encourage short-term decisions to meet payout thresholds.

Moreover, the Compensation Committee determined that, for all employees, the Company's non-executive compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation, as these programs are fully discretionary after performance for the relevant period has been achieved, recommended by senior management to the Compensation Committee and reviewed at such time to support the Company's goals and objectives.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO THE GREEN PLAINS RENEWABLE ENERGY, INC. ARTICLES OF INCORPORATION

Overview

The Company's articles of incorporation currently authorize the issuance of 75,000,000 shares of Common Stock and no preferred stock. The Company is seeking shareholder approval to amend its articles of incorporation authorizing the addition of 50,000,000 shares of preferred stock ("Preferred Stock"), which would increase the total number of shares of capital stock that the Company would have the authority to issue to 125,000,000 shares. The Board has unanimously approved the amendment. Issuance of shares of Preferred Stock in the future, and the terms, powers, rights and conditions of the same, would be at the discretion of the Board.

The amendment to the Company's articles of incorporation will provide that 50,000,000 shares of Preferred Stock of the Company may be issued from time to time in one or more series, the shares of each series to have such designations, powers, rights and preferences and qualifications, limitations or restrictions thereon, as expressed in the resolution or resolutions providing for the issue of such series, adopted by the Board. This will include matters such as voting rights (if any), dividend rights, redemption, conversion features and dissolution rights. Accordingly, if approved, the Board will have authority, subject to the limitations prescribed by the Iowa Business Corporation Act, to authorize the issuance of one or more series of Preferred Stock without further shareholder approval. The amendment also states that, unless set forth in the resolutions of the Board authorizing the Preferred Stock, the Preferred Stock shall have no voting rights and all voting power shall be held by the Common Stock.

The text of the form of proposed amendment to the Company's articles of incorporation is set forth below. If approved, the amendment will become effective upon its filing with the State of Iowa.

Reasons for Authorizing the Company to Issue Preferred Stock

The Board believes that it is desirable for the Company to have the ability to issue preferred stock, and for the Board to have authority to issue the shares of preferred stock in one or more series, and to set the terms and conditions of the same without further shareholder approval for a number of reasons, including:

- *Added Flexibility for Corporate Financing.* Preferred shares are a hybrid security and can have features of both debt securities and common stock. The availability of preferred shares would allow the Company flexibility as it seeks future financing. It would, among other things, allow the Company to offer preferred securities, carrying dividend and liquidation preferences, among other attributes, as an incentive for financial support. Preferred shares could be offered as an alternative to debt, or in combination therewith.
- *Ability to Use for Acquisitions or Mergers.* In the event the Company identifies an appropriate acquisition or merger candidate, the Company would have added flexibility to structure the purchase to include preferred stock as consideration in addition to, or in lieu of, cash.
- *To Exchange for Outstanding Debt Securities.* The availability of preferred stock could allow the Company to seek to reduce or restructure debt by offering a preferred equity alternative.

The Company has no plans or arrangements at this time to issue any shares of Preferred Stock if this proposal is approved.

Effects and Risks of the Authorization of Preferred Stock

Dilution to Existing Shareholders. The issuance of any additional shares, common or preferred, would have a dilutive effect on existing shareholders. The availability of additional free-trading shares could have a direct

[Table of Contents](#)

impact on the price of the Company's securities. If, in designating the rights of any series of preferred shares, the Company determines that such shares may be converted into shares of the Company's Common Stock, the Common Stock issued upon that conversion would dilute the outstanding shares and, if freely-tradable, could have an adverse effect on the price and volume of the Company's shares. In addition, in a liquidation, the holders of preferred stock may be entitled to receive a certain amount per share of its preferred stock before the holders of Common Stock receive any distribution.

The Issuance of Preferred Stock Could Adversely Affect the Price of the Company's Common Shares. If preferred shares are issued, they would likely have rights that are superior to the common shares on such issues as dividends and liquidation. In addition, they may be convertible into shares of Common Stock, which would dilute the number of common shares outstanding and could have a negative effect on the trading price of the Company's Common Stock.

Board Discretion to Issue Preferred Shares. If the proposed amendment to the Company's articles of incorporation is approved by the shareholders, the Board will have the right, in its discretion, to determine whether and when preferred shares are issued, and the rights and preferences of such shares. Shareholders would not be able to determine the rights and preferences of such shares. The alternative would be for the Company to seek shareholder approval of the rights and preferences of a given series of preferred shares at the time the Company seeks to issue shares of that series. Seeking shareholder approval would be impractical because it would be costly and take an extended amount of time. Moreover, given that dividend rates associated with preferred shares are closely tied to prevailing market interest rates at the time the shares are issued, a substantial time delay in issuing preferred shares could prevent the Company from taking advantage of a favorable interest rate environment.

Antitakeover Effects. The Company could also issue shares of preferred stock that may, depending on the terms of such series, make it more difficult or discourage an attempt to obtain control of the Company by way of a merger, tender offer, proxy contest or other means. Such shares could also be privately placed with purchasers favorable to the Board in opposing such takeover actions. In addition, the Board could authorize holders of a series of preferred stock to vote either separately as a class or with the holders of its common stock on the election of all or some of the members of the Board, and on any merger, sale or exchange of assets by the Company or any other extraordinary corporate transaction. The issuance of new shares also could be used to dilute the stock ownership of a person or entity seeking to obtain control of the Company should the Board consider the action of such entity or person not to be in the best interest of the Company's shareholders and, including by the implementation of a shareholder rights plan, could be used to entrench then current management or deter an attempt to replace the Board.

Required Vote and Recommendation of the Board of Directors

The affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to approve Proposal 2. Since only votes cast count for this purpose, broker non-votes and abstentions will not affect the outcome of the voting on this proposal.

No Appraisal Rights

Under the Iowa Business Corporation Act, shareholders are not entitled to dissenter's rights with respect to this proposed amendment to the Company's articles of incorporation.

Text of Amendment

The text of the proposed amendment to the Company's articles of incorporation, which will replace the existing Article II, is set forth below.

ARTICLE II SHARES

Section 1. Authorized Shares. The total number of shares of capital stock which the Corporation shall have the authority to issue is 125,000,000, consisting of:

(a) 75,000,000 shares designated as Common Stock, par value of one cent (\$0.01) per share ("Common Stock"; issued and outstanding shares of Common Stock shall be referred to herein as "Common Shares"); and

(b) 50,000,000 shares designated as Preferred Stock, par value of one cent (\$0.01) per share ("Preferred Stock"; issued and outstanding shares of Preferred Stock shall be referred to herein as "Preferred Shares"); and

The Common Stock and the Preferred Stock are referred to collectively as the "Capital Stock" and shall have the rights, preferences and limitations set forth herein.

Section 2. Preferred Stock. The Board of Directors is authorized to divide the shares of Preferred Stock into one or more series, within the limitations set forth in the Act, for such consideration as the Board of Directors may determine, to establish for each such series the number of shares to be included and to fix the designations, powers, rights and preferences of the shares of each such series, and the qualifications, limitations and restrictions thereof including, without limitation, voting rights (if any), dividend rights, dissolution rights, conversion rights, exchange rights and redemption rights thereof, as shall be stated and expressed in a resolution or resolutions adopted by the Board of Directors providing for the issuance of such series of Preferred Stock, in compliance with the Act. Upon such compliance, the resolution of the Board of Directors establishing and designating the series and fixing and determining the relative rights and preferences thereof shall become effective and shall constitute an amendment of these Second Amended and Restated Articles of Incorporation.

Section 3. Voting Rights. Except as otherwise provided by the Act, as the same may be amended and supplemented (i) except as set forth in (ii) below, all of the voting power of the stockholders of the Corporation shall be vested in the holders of the Common Stock, with each holder of Common Stock having one vote for each share held by such holder on all matters to be voted upon by the stockholders of the Corporation and (ii) the holders of the Preferred Shares shall, in respect of such shares, have no voting rights except as set forth in the applicable resolutions of the Board of Directors providing for such Preferred Shares. Cumulative voting shall not be permitted or be effective at any meeting of shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 2.

All Other Fees. All other fees include other products and services that are not otherwise disclosed. There were no other fees billed by KPMG in 2011 or 2010.

Pre-Approval of Audit and Non-Audit Services

The Company has adopted policies and procedures for pre-approval of all audit and non-audit services to be provided to the Company by its independent auditor. It is the Company's policy that the Audit Committee pre-approve all audit, tax and other non-audit services. A proposal for audit or non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of the independent auditor are also required.

All of the services provided by KPMG during 2011 and 2010 were approved in advance by the Company's Audit Committee. The Audit Committee has considered whether the provision of the services performed by the Company's principal accountant is compatible with maintaining the principal accountant's independence.

Availability of Accountants

Representatives from KPMG are expected to be present at the Annual Meeting, and they will have the opportunity to make a statement if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

AUDIT COMMITTEE REPORT

The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed with management the Company's audited consolidated financial statements for the year ended December 31, 2011, which has primary responsibility for the financial

KPMG, the Company's independent auditor for the year ended December 31, 2011, is responsible for expressing an opinion as to whether the Company's audited consolidated financial statements are presented fairly in all material respects in conformity with generally accepted accounting principles. The Audit Committee met with KPMG and Company management to discuss the Company's financial reports. The Audit Committee discussed with KPMG the matters required to be discussed by Statement of Auditing Standard No. 61 (Communication with Audit Committees), as may be modified or supplemented. Additionally, the Audit Committee received the written disclosures and the letter from KPMG required to be delivered to them under the applicable requirements of the Public Company Oversight Board regarding communications concerning independence, and the Audit Committee considered whether KPMG maintained its independence during the year ended December 31, 2011. Based on these discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's report on Form 10-K for the year ended on December 31, 2011.
